

The Traders Expo Los Angeles 2010

██████████ ██████████

Friday, 07 May 2010 20:39

Los Angeles, June 9 to 12/2010

Trading in highly volatile markets requires a disciplined approach and there are techniques you can learn to use now that minimize your risk and increase your profits. The secret lies in knowing how consistent traders find trades and manage them well from start to finish. Anyone can learn these strategies—all you need is a commitment to learn what works and the confidence to implement them. Every speaker at the Traders Expo is carefully selected because of their proven ability to teach trading techniques that can lead to a lifetime of success. Register now and prepare for four days that will get you on track for a profitable year.
